Dear Bob:

I am writing with respect to your Technical Proposal P83-045A, dated May 1983 which Don Neilson left with me on 23 May.

I have referred the proposal to appropriate elements of my organization and must report that, at this time, we are not prepared to conclude such a contract. We simply do not have a current, identifiable need for the services that you describe.

I can say, however, that we are extremely impressed with your people and the work they have done. It is quite possible that over the next 6-12 months the situation here will change and we will have a very specific problem that could benefit from your services.

Sincerely,
